

SOFÍA MORENO BENDALA

Business Administration Graduate | M.S. Candidate in Artificial Intelligence

Miami, Florida | +1 786 327 0308 | sofia.morenobendala@atlantisuniversity.edu

PROFESSIONAL SUMMARY

Business Administration graduate and M.S. candidate in Artificial Intelligence with experience spanning procurement, supplier coordination, business operations, and large-scale event execution. Brings a strong academic record and practical exposure to fast-paced, cross-functional environments. Building expertise at the intersection of AI, analytics, and business strategy, with particular interest in process automation, operational decision-making, marketing intelligence, and digital transformation.

EDUCATION

Master of Science in Artificial Intelligence | Atlantis University | *Miami, FL* **Aug 2026 - Dec 2027**
Expected completion: December 2027
Bachelor of Business Administration | Florida National University | *Hialeah, FL* **2022 - 2025**
Summa Cum Laude | GPA: 3.98/4.00

PROFESSIONAL EXPERIENCE

Purchasing Coordinator | Cebada Rooftop | *Coral Gables, FL* **Sep 2025 - Nov 2025**
• Supported purchasing and procurement activities by coordinating supplier communication, purchasing needs, and inventory replenishment across restaurant operations.
• Assisted with vendor terms, order planning, and day-to-day purchasing decisions to maintain product availability and operational continuity.
• Partnered cross-functionally with operational teams to align purchasing priorities with service demand, inventory levels, and business requirements.

Operations Associate (OPT) | ProStaff Services USA LLC - Nautilus Sonesta Miami Beach | *Miami Beach, FL* **Nov 2025 - Jun 2026**
• Supported daily business operations in a high-volume luxury environment, coordinating guest-facing workflows, service execution, and operational priorities.
• Collaborated across departments to maintain consistent standards, resolve time-sensitive issues, and support efficient delivery during peak periods and events.
• Strengthened stakeholder communication, adaptability, and execution under pressure while operating within a complex, cross-functional organization.

Event Operations Associate - Temporary Assignment | DO & CO - Formula 1 Miami Grand Prix, Williams Racing Team | *Miami, FL* **Apr 29 - May 5, 2026**
• Supported end-to-end operational execution within the Williams Racing hospitality program during a major international sporting event.
• Coordinated VIP logistics and premium experience delivery for drivers, family members, team stakeholders, and invited guests.
• Worked across event, operations, and service teams to maintain schedule alignment, rapid issue resolution, and seamless on-site execution.
